[Please refer to Guide to the Examination - Candidates](#)

Reasonable Adjustments

Reasonable adjustments refer to adjustments made to allow access to assessment for candidates who would otherwise be disadvantaged by temporary or permanent disability. A wide range of adjustments can be made, depending on the individual candidate's specific needs

All requests for reasonable adjustments, including those which require only minor adjustments to the assessment environment should be made to the Professional Development Co-ordinator at MRS. The request should, be made in writing, and should include details of:

- the nature of the disability for which the adjustment is required

- the type of adjustment requested. If possible, details should be given of any adjustments normally made to the work or study environment to support the candidate's learning
- if appropriate, a copy of any medical report or statement which gives guidance on the individual candidate's needs or foreseen needs at the time of assessment
