No shows

Candidates that do not attend the examination and have not previously informed MRS Qualifications of their intent to defer, will be classified as a No Show. Candidates will be required to pay MRS a deferral fee and a re-sit fee in order to be transferred to a subsequent assessment round.

Monitoring Protocol

1. During the exam the Supervisor is required to monitor the candidate via webcam. The Supervisor is also able to monitor audio feedback to ensure that there are no verbal answers or communication from any outside source. The Supervisor will be able to:
 - see the candidate via webcam and see the candidate's screen
 - use a chat box to communicate to the candidate
 - hear the candidate at all times and talk with them when required.
2. When monitoring the exam, the Supervisor will watch the screen at all times. They will check for: Eye movement / Head movement / Hand movement / Talking or mouthing or other indications of external communication
3. If the Supervisor notices any of the above behaviours they will send the candidate an Instant message or talk to them asking them to refrain from the behaviour e.g. "please keep your eyes on the screen", "please keep within view of the webcam", "there is no talking allowed – thank you", etc.
4. If the Supervisor is required to log an infringement, the Supervisor will click on the Log Infringement button. The Supervisor will click on the appropriate infringement described and then on the 'Take Action' button.
5. By clicking the 'Take Action' button this will record the exceptional activity onto the 'Actions Log' and will automatically send a message to the candidate saying an exception has occurred. The candidate MUST click OK to this in order to resume their exam. – This can be seen by the Supervisor on the screen share.
6. Please see the Infringement Protocols for specific Major / Minor Infringements.
7. It is at MRS Qualifications discretion to decide if the exam should be allowed to be marked or not, or what post-exam action to take where any major infringements are recorded.
8. There will be a timer on your screen to count down your individual exam time. The timer does not begin until you begin the exam.

Sample Infringement Guidelines

Minor Infringements

A Minor Infringement is one that is deemed a low-level exception. Minor Infringements may not compromise the exam and can be rectified immediately. However, all minor infringements are logged.

- Leaning out of view of the camera.
- Blocking the computer camera.
- Commencing hand movements that could be interpreted as sign language.
- Glancing at other areas of the room that the Supervisor cannot see (in this instance prior to raising an infringement the Supervisor will query the candidate and ask the candidate to pan the room and in particular that area to check)
- Behaving in an unsuitable manner to the Supervisor.

Major Infringements

A Major Infringement is one that is deemed a medium level exception. One that does not compromise the exam and one that is rectified quite quickly with the candidate during the exam. However, all major infringements are logged.

- Accessing (or trying to access) another site / document when online
- Referring to any material – if there are no resources allowed.
- Not removing objects that are deemed interactive such as smart watches.
- Not agreeing or responding to the validation questions asked by the Supervisor.

Blocker Infringements

A Blocker Infringement is one that is deemed a high-level exception. One that compromises the exam and causes the exam to be terminated. Supervisors will warn the candidates in advance.

- Leaving the exam area for ANY reason except for a toilet break as arranged with your Supervisor – please refer to Point 16 – Page 2.
- Communication of any sort with a third party.
- Mobile phone use. Phones are not to be used in the exam area once the exam has commenced.

The Supervisor will alert the candidate that an action has been recorded. The Supervisor will then log all the exceptional actions and inform MRS Qualifications via an actions log.

Actions taken if an infringement occurs:

- There is an actions log available to the Supervisor which will log any infringement made (including any notes written by the Supervisor) and be timed and dated automatically.

- If the Supervisor notices any suspicious activity the Supervisor will update the feedback log to indicate that an exception has occurred and detail the activity in question.
- A recording of the exam will also be taken to provide supporting evidence.

Candidate Issues on Exam Day

It is the candidate's responsibility to ensure their computer:

- is in good order
- has sufficient memory
- has up-to-date software, drivers etc
- has good internet connection speeds
- is plugged into a power source so you have enough power for the duration of the exam
- all apps running in the background are closed in case it impedes with the progress of the exam

If the candidate's equipment fails on exam day, then there are limited troubleshooting steps that the TestReach support team can work through.

Candidate experiences poor internet connection at the time of their exam.

A candidate may have their exam resumed up to a maximum of 3 times. After this they will be asked to contact MRS Qualifications to rebook their exam.

Candidate experiences an issue local to their device i.e. issues with their webcam, sound card, graphics card etc.

Our customer support team will spend up to a maximum of 15 mins on an in-bound telephone call helping the candidate to resolve issues local to their device.

At this point, the customer support team will end the call and advise the candidate to contact MRS Qualifications to rebook their exam.

This is to ensure that our customer support team have the required availability to provide a high level of support to all candidates taking an exam at that time.

Candidate is late

Candidate is late for their exam or experiences issues logging onto TestReach.

If a candidate calls the customer support line within 30 mins of their exam start time, the customer support team will help the candidate to resolve the issue.

If a candidate calls after 30 mins, they will be advised to contact MRS Qualifications to rebook their exam.

Special Considerations

MRS Qualifications recognises that candidates may have been disadvantaged by temporary illness, injury, indisposition or adverse circumstances just prior to or at the time of an assessment.

‘Adverse circumstances’ include circumstances outside the candidate’s control which can be shown to have had a marked effect on their performance in the examination (e.g. bereavement prior to an examination; severe disruption to examination due to problems at the exam location, an accident travelling to the exam location).

Candidates who are affected by illness, indisposition or adverse circumstances should inform their Supervisor as soon as possible.

All requests for Special Consideration which arise during an examination should be referred to the Supervisor in the first instance, who will then log the request. Candidates must also then notify MRS by emailing profdevelopment@mrs.org.uk with the circumstances of the incident requiring consideration. MRS will then liaise with TestReach to ascertain whether a Special Consideration should be applied.

More information on Special Considerations can be found in the [MRS Qualifications Policy document](#), pg. 19- 21.

Major or Critical Incidents

In the very unlikely event that the TestReach service has a major or critical incident, candidates should go to <https://status.testreach.com>

This website will keep you up to date on any actions you should take and when we expect the service to resume.

In the event of a disruption to our service, our support lines would naturally see a spike in activity, and it is unlikely that you will be able to speak to an agent. The <https://status.testreach.com> page is our main and sole source of communication to candidates during this time.

Unforeseeable Events

In the case of an unforeseeable event e.g. Fire Alarm candidates must notify the Supervisor and prioritise their own safety. If it is necessary to leave the exam location candidates must do so in accordance with the instructions of the building. If the period of time away from the exam location is 30 minutes or less a candidate may continue the exam and the period of time away from the exam location will be added onto the finish time.

If the period of time a candidate is away from the exam location is in excess of 30 minutes or if the candidate is unable to re-enter the exam location, they will be advised to contact MRS Qualifications to rebook their exam.
